

DELTA♥CHILDREN

INNOVATIVE BABY GEAR: Delta Children's goal is to provide families with safe, stylish and innovative baby gear at an affordable price.

REVOLVE REVERSIBLE STROLLER

Light, compact and easy to maneuver, this stroller features three ways to ride: in an infant car seat, parent facing, or facing out. The Revolve is our most luxe stroller yet, offering premium features like a leather wrapped handlebar and child bar. Its reclining seat, adjustable footrest and all-wheel suspension system ensures the most comfortable ride for your little one.

Available Colors:

BUNGEE WALKER

This walker is the first of its kind! It teaches babies to walk through innovative, patented bungee technology. The 3-in-1 design with a fully adjustable height features a bouncer mode that develops balance, a walker mode that supports gross motor skills, and a play station mode that helps fine motor skills. The interactive lights and sounds on the removable toy tray stimulate growing brains, plus the seat is removable and machine washable.

DELTA CHILDREN

FULL-SIZE JEEP STROLLERS + WAGONS:

WRANGLER

The Wrangler Stroller Wagon is ready to tackle any adventure. With so many ways to ride, it's ideal for families with kids of varying ages. Attach your current infant car seat with the included adapter for babies or use the two seats with 5-point safety harnesses to securely transport older siblings, twins or friends.

GEMINI

The Gemini Stroller is the best option for busy families. It weighs under 20 pounds and features a compact, one-hand fold. The aluminum frame converts to an infant stroller, and as your child grows, the removable child bar, adjustable seat and more accommodate their every need.

Available Colors:

HYDRO

With the Hydro Sport Plus Jogger you can go the distance! A versatile jogging stroller, it delivers the best running experience with a swivel front wheel and back-wheel suspension that glides over bumps to provide a comfortable ride for your baby. Quick release back tires create a compact fold that's great for small cars with limited cargo space.

DELTA CHILDREN

LIGHTWEIGHT + TRAVEL JEEP STROLLERS:

CLUTCH PLUS

An extremely lightweight travel stroller, the Clutch Plus folds down to easily fit into any overhead bin. The attached handle makes it easy to carry through the airport, and the reclining seat and oversized canopy allow your child to be comfortable no matter where they are.

Available Colors:   

ARROW

Designed for the family on the move, the Arrow Travel Stroller is extremely lightweight and easily fits in overhead bins, plus the one-handed fold is the easiest ever! All wheel suspension, one-step footbrake and swivel-front wheels make for a smooth, ride on almost any terrain.

Available Colors:   

BREEZE

The Breeze Stroller allows you to steer, fold and carry with one hand! The stroller's one-handed standing fold is compact and goes from folded to rolling in seconds. Weighing under 16 pounds, its all-wheel suspension, one-step brake and swivel-front wheels guarantee a smooth ride on almost any terrain.
