

ABOUT US

South Shore Furniture is a North American leader in manufacturing ready-to-assemble furniture. The company, which started as a small family business 80 years ago, was founded by Eugene Laflamme in Sainte-Croix, Quebec, Canada, and has since been passed down from one generation to the next.

South Shore
FURNITURE

Since it was founded, South Shore has never stopped growing and finding ways to innovate. We make sure we offer an outstanding level of service and operational efficiency through our 4 distribution centers, 3 factories across North America, and over 1000 employees! We're also equipped with robots and machines on the cutting edge of current technology.

OUR GOAL

In evolving from a small local business to a large multinational, our purpose has always remained the same: to create furniture that's made for real life – the consumer's life. How do we achieve that? It's simple. By creating affordable, trendy, and functional furniture that meets all our consumers' needs, while making their environment brighter. This is our motivation every day, and it's truly what we care about most.

YODI COLLECTION

Charming mid-century Scandinavian baby furniture with a retro style and an original blend of finishes, to make every nursery look unique.

ADJUSTABLE HEIGHT

The height of this crib is adjustable to four different levels, ranging from newborn to toddler.

TODDLER RAIL INCLUDED

Babies grow up fast! This crib comes with a rail, to help kids transition from baby to toddler.

Additional drawer under the bed to store some toys, clothes, or other accessories

Rounded wooden buttons

Wide sliding drawer: ideal for storing baby's diapers

Angled tapered legs

EVOLVING FURNITURE

This changing table is future-proof! The top can quickly be removed, to turn the piece into a functional dresser.

OPEN AND CLOSED STORAGE

A winning configuration that blends both open and closed storage, for easy access to all baby products and storage of diaper bag and clothes.

A WELL-THOUGHT-OUT SURFACE

Those baby care products that are needed every day will find a home in the extra space we've added to the surface of this changing table.

Hole for cord management:
perfect for plugging
in baby's monitor

Genuine
leather
handles

BALKA COLLECTION

Global style takes over the nursery with furniture whose unique bohemian look and functionality make it stand out!

REMOVABLE TOP

This changing table can be converted into a dresser that'll be useful for many years.

OPEN AND CLOSED STORAGE

Two drawers and one open space to keep baby's essentials organized and close at hand.

Large drawers with metal slides, to store clothes or blankets

Brushed metal handles

LIONEL COLLECTION

Our Lionel collection combines the best of the past with today's trends, to create delicate farmhouse style furniture that both Mom and baby will enjoy.

ADJUSTABLE SHELVES

The large cabinet comes with three adjustable shelves, for even more storage options.

LARGE SURFACE

An extra space was added to the surface, to keep all those baby products close at hand during diaper changes.

GROWS WITH THE CHILD

The top of this changing table can be removed, to make it a good size dresser, perfect for storing a kid's clothes!

Two wicker baskets included

Decorative moldings on each drawer and delicate round metal handles

KANAL COLLECTION

A sweet coastal collection with practical furniture that inspires comfort and relaxation, which is exactly what's needed in any nursery!

TWO BASKETS INCLUDED

The two wide wicker baskets provided with this changing table can be taken out anytime – they're ideal for searching toys and other essentials.

FUTURE-PROOF

This changing table, with its removable top, can be used for several years when it's converted into a cute dresser!

Vintage-looking metal handles

ADMIRAL COLLECTION

Two styles combined into one: nautical chic, a 2.0 version of the coastal trend that takes nursery to the next level.

A TOP THAT ADAPTS TO PARENTS' NEEDS

Because of the large surface on this changing table, the top can be placed on either side, or even in the middle.

CONVERTS INTO A DRESSER

This changing table can be turned into a great 6 drawer dresser in just a couple of minutes!

Two sliding shelves, for quick access to baby's products

Drop ring pull handles

COTTON CANDY COLLECTION

Elegant and timeless designs that stand out because of their practical features and two-tone trendy look, making them the perfect solution for moms and newborns.

AN EASILY REMOVABLE TOP

Can be used in a kid's or toddler's room when the time comes, simply by removing the top!

ADDITIONAL SPACE

We added more storage space on top, for organizing more baby products and keeping them close at hand.

LENSKY COLLECTION

Trendy and functional designs that were made to create a unique, elegant ambience in the nursery, while also making moms' day-to-day life easier.

BUILT-IN LED LIGHT

A built-in LED light with a dimmer that's very useful when taking care of baby during the night.

FURNITURE THAT GROWS WITH THE CHILD

Since the rim is removable, this changing table spares parents the expense of buying a new dresser!

EXTRA SPACE

We added more space to the surface, to store creams, wipes, and all those lotions.

Large drawers with metal slides

Vintage-looking metal handles

HANKEL COLLECTION

We love the clean, beautiful look of this farmhouse collection, which will give any nursery a soft, zen atmosphere.

REMOVABLE TOP

A functional changing table is a practical thing to have... but a functional changing table that converts into a dresser is even better!

TWO-TONE LOOK

We love the contrast between the white and the wood effect on the drawers, for a natural vintage look in the nursery.
